

DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

MARYVILLE, MISSOURI, MONDAY, MAY 6, 1912.

NO. 289.

VOLUME 2.

STREET IS COMING

WILL BE HERE ABOUT MAY 23 FOR A CONFERENCE.

THINKS PRICE IS O. K.

And Intends to Convince the Board of Public Works That It Is Reasonable.

C. F. Street of New York, president of the city water company, will be in Maryville about May 23 for a conference with the board of public works to see if a satisfactory price can be agreed on for the water plant. It is thought, however, that Mr. Street is going to stick to the compromise price of \$54,000 that was made by the company a few weeks ago and which the board of public works refused to accept as they think it is too high, according to the opinions of expert engineers. The price the board of public works think is reasonable is \$39,000.

Mr. Street states in a letter to S. G. Gilliam, secretary of the board "that I feel sure that I can satisfy you that there are values in our property which will convince you that the compromise price we have offered is a reasonable one."

The board of public works intends within the next few weeks to settle the matter. Of course, if what they think is a reasonable price is offered by the company, they will accept it, but otherwise they will proceed to build a new plant.

The bond issue will soon be ready to be issued by the city.

TO BE A RECORD BREAKER.

Students Are Already Arriving and Enrolling for Summer Term.

From all indications the summer term at the Normal will be a record breaker in regards to attendance. Students are already arriving and enrolling for the summer quarter. Miss Barton of Parnell, Mrs. J. H. Scales of Trenton, and J. P. Cummings of Worth registered this morning for the coming term.

CONTRACTOR WAS HERE.

W. D. Lovell of Minneapolis, Minn., Who Has Contract for Postoffice Visited in City.

W. D. Lovell, of Minneapolis, was in Maryville Monday looking after the work that has been done so far on the new postoffice building. Mr. Lovell has the contract of building the postoffice. He remained in Maryville only a few hours.

The concrete work will start Tuesday if the weather is permitting, as all of the excavating is finished.

MACK IS NIGHT POLICEMAN.

Wm. Culver Couldn't Qualify So Mayor Robey Appointed Bert Mack for One Month.

Bert Mack was appointed night policeman by Mayor Robey Saturday afternoon for one month, owing to the fact that Wm. Culver, who was selected for the place at the council meeting Friday night, could not qualify as he had not paid some of his taxes. Mr. Culver is investigating the matter and expects to be able to qualify for the place by next month.

Mrs. Mary Wray of Hopkins was in Maryville Monday visiting relatives. She went to St. Joseph Monday evening on a business trip.

Mrs. Verna Murphy of the Alderman dry goods store went to Albany Saturday evening to visit until Monday evening with relatives.

Miss Margaret Lee Winston of the Staples millinery went to St. Joseph Sunday morning and spent the day with her parents.

SALOON LICENSE UP

THE COUNTY COURT WILL GIVE A DECISION LATE THIS EVENING

THE PETITION SIGNERS

Were Examined So As To See If They Were Qualified—Necessary To Have Two-thirds.

The county court, composed of Judges Thornhill, Blackford and Thompson, were in session Monday afternoon and took up the matter of a license to W. A. Heller, who is applying for one in the building formerly occupied by the Oak saloon. The "drys" represented by Attorney Ellis G. Cook, are fighting the license and Attorney T. A. Cummins is representing Mr. Heller. Up to press time this afternoon, the court was examining those that had signed the petition to see if they were qualified as resident property owners. No decision will be given in the case until late this evening.

The attorneys for both sides and the court agreed on nine of the saloon signers as qualified. They were: C. B. Yeo, Adolph Lippman, C. J. Green, Joe Blinter, C. W. Siler, S. R. Lucas, R. Kuchs, Theo. Blatter, Fred Smith. As remonstrators to the saloon petition the following were agreed as qualified: John W. and Emery Airy, J. K. Sawyers, Ed Otis and C. S. Stillwell.

If bank stockholders are taken in by the court as qualified signers, then the following would be added to the list of remonstrators: S. G. Gillman, G. L. Willey, S. H. Kemp, Omar Catterson and F. C. Conrad.

W. A. Heller was examined and he said on the stand that Adolph Lippman was not directly or indirectly back of the proposition and that the only interest he had in the matter was that he owned the building where Mr. Heller intends to run the saloon if he gets the license.

Other persons that signed the petition were also examined so as the court could determine whether they were qualified to sign it. The court will not issue the license unless the petition has a two-thirds majority.

Three signers to the petition, John Behm, Charles Buhler and John Kirch, with Adolph Lippman, organized a Star Tobacco company in the block a few weeks ago, and the articles of agreement were entered into on April 20, the "drys" alleging that it was organized for the purpose that they could sign the petition. There are twenty-two that signed the petition.

TWO CLASS SERMONS MAY 19.

The State Normal and High School Baccalaureate on Same Night To Accommodate Crowds.

According to an agreement made between President H. K. Taylor of the Normal and Superintendent C. A. Hawkins of the Maryville schools, the sermons to the classes that will be graduated from these schools will be given on Sunday night, May 19.

The sermon to the Normal class will be given at the Christian Church by Rev. W. J. Parvin of the M. E. Church, South.

The sermon to the high school class will be given at the First M. E. Church by Rev. S. D. Harkness of the Presbyterian Church.

This matter was decided on in order to not interfere with the morning services at any of the churches and as no church in Maryville is large enough to accommodate the crowds of people who always gather to hear the sermons to the classes, it was thought best to hold both services the same night to make room for all who wish to attend.

Mrs. William Green of Pickering came to Maryville Saturday evening for a visit with her daughter, Mrs. John Wallace and Mrs. Glover Kelly. She was accompanied by her granddaughter, Miss Florence Wallace, who had been visiting her.

Mrs. Will Masters returned from a visit with her uncle, Harvey Wing and family, at Pickering, Saturday evening.

Mr. and Mrs. M. A. Turner went to St. Joseph Monday morning on business.

Mr. and Mrs. E. E. Sanford of Stanberry were in Maryville Monday morning on their way to St. Joseph.

Miss Ruby Key and Miss Alta Hardisty of Barnard visited in Maryville Saturday.

F. H. TRIMBLE IS HERE

AS SPECIAL JUDGE IN SEDUCTION CASE FROM ATCHISON CO.

WILL BE A HOT CONTEST

Ollie Long 23 Years Old is the Defendant—Sixty Witnesses Here From That County.

Judge F. H. Trimble of Liberty, Mo., circuit judge of the seventh judicial district, is presiding over the case of the State vs. Ollie Long in circuit court here this week. Long, who is about 23 years old and is from Atchison county, is charged with seduction, the prosecuting witness being Miss Carrie Miles of that county. The alleged offense is said to have taken place March 15, 1909. The case was tried in Atchison county about a year ago and Long received a sentence of two years in the penitentiary at the hands of a jury, but the case was appealed to the Supreme Court and they reversed it. The case comes to Nodaway county on a change of venue from Atchison county.

The jury had not been selected up to press time this afternoon. The attorneys in the case are Ed Frazer, prosecuting attorney of Atchison county, L. J. Miles of Rockport, and Shinabargar Blagg & Ellison of this city, for the state; and Hunt & Bailey of Rockport, John Stokes of Craig, and Cook, Cummins & Dawson of this city for the defendant. The case will be hotly contested.

A large number of witnesses from Atchison county are in the city. There are probably 60 of them. John H. Miles, father of the prosecuting witness, and A. Long, father of the defendant, are in attendance.

Judge Trimble, who is trying the case as special judge, is a candidate for the Kansas City court of appeals. He is seeking the Democratic nomination.

APPEARED IN COURT.

The Gaming Cases Were Up and the Defendants Received a Fine of \$25 and Costs.

Judge F. H. Trimble of Liberty, Mo., took up the gaming cases Monday morning in circuit court, a change of venue having been taken from Judge Ellison to Judge Trimble.

Bruce Johnson was fined \$25 and costs on two counts, the charges of running a gaming house having been dismissed by Prosecuting Attorney Wright and a charge of gaming made. He pleaded guilty to the two charges.

James Mulholland also pleaded guilty to gaming and was fined \$25 and costs. George Keefe and Dick Woods also appeared in the court and pleaded guilty and were fined \$25 and costs. All of these men were indicted by the grand jury in February.

Will Move to Nebraska.

Mrs. Richard Osborn of Elgin, Neb., is visiting her mother, Mrs. Heflin of South Main street. She will be accompanied home in a few days by her brother, Scott Heflin and his wife, who will locate in Elgin, where Mr. Heflin will be employed in a department store. Mr. Osborn has charge of a department in the same store, the largest of its kind in that section of Nebraska.

Spent Sunday With Barnard Friends

Mrs. W. H. Brown and her guest, Mrs. H. H. McMaster of Hopkins, went to Barnard Saturday evening to spend Sunday with relatives and friends. Mrs. Brown was the guest of her cousin, Mrs. Will Miller, and Mrs. McMaster visited Miss Mabel Dysart, who lives between Barnard and Blockow.

Lone Tree School Closes.

The patrons and friends of the Lone Tree district near Burlington Junction gathered on Friday at the noon hour and pleasantly surprised their teacher, Miss Edith Patterson with a bountiful dinner. After a dinner, a program was given by the children.

Raised a Good Crop of Alfalfa.

Elmer Fraser of this city raised a good crop of alfalfa on his farm of the city the last season. He made him about \$125 a year for twelve acres. Mr. F. Mo. More, who is perimenting with alfalfa, also made the first year's was a success.

Mrs. M. L. Hood of this city has been visiting with her sister, Alice Roberts and Mrs. Roberts, who have been visiting with her home.

HEARD GOOD SPEECHES.

Maryville Church Congregations Listened to Excellent Anti-Saloon Men.

The pulpits of the First M. E., Presbyterian, Baptist and Christian churches were filled Sunday morning and evening by speakers from the anti-saloon league of Missouri. The work they say, is in better shape now than it has ever been, owing to the interest the church people are taking in the matter of organizing against the business of the liquor traffic. The work has now been made a regular part of church work and is interdenominational. The speakers said that the work of the anti-saloon league has become one of the most potent agencies in the salvation of men and should be a regular missionary department of the church.

Good subscriptions were secured at each church Sunday to assist in waging the battle against the greatest evil of the country.

SOLD FIVE AUTOS.

Barnmann & Wolfert of this City Disposed of Many Ford Cars Saturday.

Barnmann & Wolfert sold Saturday Ford automobiles to the following: Dr. F. R. Anthony of Maryville, Wm. Berry, living near the city, Mutti & Brown of Hopkins, Eugene Rathbun of Maryville, and Sherman Heflin of White Cloud township.

Is Guest of Relatives.

Mrs. Chester Andrews arrived in Maryville Monday evening on the Burlington train from Cleveland, Ohio, where she has lived for a number of years, and will spend a few days with her cousins, Mr. and Mrs. Charles Wadley and other relatives. Mrs. Andrews is on her way to Los Angeles, Calif., where Mr. Andrews has recently located in business.

Lincoln School Closed.

The Lincoln school in Washington township closed Friday and all of the pupils of that district with the exception of three attended the closing exercises. A fine program was given by the pupils. Miss Beulah Thompson, a daughter of Judge J. O. Thompson of the county court, is the teacher of the school.

Miss Thompson was re-employed as a teacher for the winter term at a \$5 a month.

Misses Mae and Grace Parle went to St. Joseph Saturday to visit over Sunday with their grandmother, Mrs. Anna Parle.

James Frum and Gus King of Clyde are in the city Monday.

HE LIKES OUR TOWN

BISHOP SIDNEY PARTRIDGE OF KANSAS CITY—WHO WAS HERE.

TO SPEAK AT CHAUTAUQUA

Manager Landon Made Date for Three Lectures.—St. Paul's a Mission Station.

Bishop Sidney Partridge of Kansas City, one of the greatest churchmen of the country, spent Sunday in Maryville and preached two sermons to St. Paul's Episcopal congregation in K. P. Hall. He had a good congregation and all were much impressed with the new bishop. Bishop Partridge was accompanied to the city by Archdeacon Johnson of Kansas City, whose duty it will be to hold services in Maryville whenever it will be possible for him to leave his work in Kansas City.

This was Bishop Partridge's first visit to Maryville. As is well known, the work in St. Paul's congregation has been very discouraging for some time owing to the removal of nearly all of its old members, which has weakened the church materially, and it has been deemed almost necessary to abandon the Episcopal work at this place, but Bishop Partridge was so impressed with our city and with the people he met at the services Sunday, that he will not for a moment consider the abandonment of the work at this place and will make it a mission point. It will be sustained by the Kansas City diocese as far as the members here are unable to keep the work in progress. The Bishop advised the church to retain the church property. He considers the location a desirable one and thought he would be able to secure funds for the erection of a new building or for the repair of the present building.

Bishop Partridge will appear at the Maryville Chautauqua in August. Manager Landon held a conference with him while in the city and secured a promise from him for three lectures, one morning lecture and two afternoon lectures. He will speak of the Customs and Religions of the People of China and Japan and of his trips around the world. He is a magnificent speaker and has a personality to match.

NORMAL TEAM WON

Over Bedford High School Team by a Score of 14 to 5 on Saturday.

Coach V. I. Moore took his Normal base ball squad to Bedford Saturday between trains and the locals soundly spanked the high school chaps by a 14 to 5 score. Of course it's no great honor to beat a high school team, but the teachers played some real base ball in the course of the contest. They got 15 safe swats, four of which were binged by Captain "Baldy" McKee. The Cap. also pilfered five bases. "Shylock" Wilson pitched for the Normals and he let the enemy down with one lonely single and struck out 10 men. He would have scored a shut-out but for some loose fielding by his mates. In the ninth Coach Moore sent Third Baseman McGrew to the mound to give his hopes a little practice and the Iowans scored two more runs.

President and Mrs. H. K. Taylor accompanied the team to Bedford and attended the game. The Maryville team will have the opportunity of witnessing a good game on Wednesday afternoon at 5:15 when the Normals meet the Amity College team of College Springs, Iowa, at the Normal Athletic field.

Preached in the Evening.

Rev. Wm. Stone, formerly pastor of the Baptist church at Kirksville, Mo., spent Sunday in Maryville and occupied the pulpit of the Baptist church of this city in the evening. Owing to much hard study and work, Rev. Stone suffered a nervous breakdown about a year ago and was ordered to take a complete change of work for two years by his physicians. He is now traveling salesman and the work of the past year in that business has nearly recovered his health. He will re-enter the pastorate in another year. Rev. Stone's wife is a cousin of Dr. Homer Cook, formerly of Maryville.

Nodaway People Are Safe.

C. D. McKibban of near Maryville
has just received a letter from J. J.
Stults of Calumet, Okla., who recently
moved there with his family from
southeast of Maryville, telling of the
terrible storm and cyclone that swept
that region a few days ago.

About fifteen people from Skidmore
and Graham community live in that
section, but none were injured. Mr.
Stults' house was blown from its
foundation and one horse was blown
a mile away into a field, but was not
hurt. They report Calumet's build-
ings destroyed, although it was not
mentioned in the telegraph reports.
Three persons were killed and twelve
injured, nearly all fatally. The Gra-
ham people in that vicinity are Mrs.
Belle Partridge and family and the
Skidmore people, Edward and Leon-
ard Armstrong and their families.

THE CANDIDATE.

Oh, he's comin' 'round to see yer, for it's nearin' 'lection time,
An' he'll never see no doorbell, but three flights of stairs he'll climb;
His face is bright and smilin' an' his glad hands open wide,
An' he'll think yer wife's yer daughter or a bloomin' last year bride—
He's a liar, an' he knows it, an' he knows you know it, too;
But yer always glad to see him just
Before
Election's
Due.

He will jolly yer whole family an' he'll have 'em swellin' up;
He'll give yer son a nickel an' admire his mangy pup;
He'll wish that he was single so he could court the girls,
Their eyes is allers handsome an' their teeth is mostly pearls;
He's a liar, an' he knows it, an' he knows you know it, too;
But yer always glad to see him just
Before
Election's
Due.

An' the baby's just the cutest, sweetest ducklin' ever knowed;
It kin talk as plain as he kin, an' it's marv'ous how it's growed;
It soon will be a votin', an' he knows it will accord
With the party of its popper, who's the best man in the ward—
He's a liar, an' he knows it, an' he knows you know it, too;
But yer always glad to see him just
Before
Election's
Due.

An' he'll tell you confidential that he knows he can depend
On yer votin' fer him this time as the workin' man's true friend;
An' he'll promise you a city job with nothin' much to do,
An' swears if he's elected he'll stick to you like glue—
He's a liar, an' he knows it, an' he knows you know it, too;
But yer always glad to see him just
Before
Election's
Due.

Judge and Mrs. I. K. Alderman have
received a letter from their daughter,
Mrs. Alvin Bingham of Cordell, Okla.,
in which she gives particulars of the
cyclone that went through that coun-
try a few days ago leaving death,
waste and ruin. The cyclone swept
the north end of Cordell. Mr. and Mrs.
Bingham, who live in the south end
of the town, stood in their yard and
watched the work of the wind. Three
persons were killed and much prop-
erty ruined. A heavy rain followed
and great damage was done to prop-
erty and crops. The cyclone went
through many towns and did much
damage that was not caught by the
newspaper telegrams.

School Closed Friday.

Insures Promptness.

"What ails that man?" said the city
salesman. "I made an appointment
with him for one o'clock tomorrow,
and he asked me if I meant American
time. It ought to be obvious that I
am not making an appointment in
New York for Madrid time."

"Don't grumble," said a friend.
"That question was a guarantee of
good faith on his part. Every fresh
arrival from Latin countries asks that
when he really wishes to be prompt in
his engagements. Left to his own
devices he would do as everybody
does at home and come straggling
along an hour or two late, but to him
American time signifies right on the
spot, and he'll be there."

Oldest Almanac.

The oldest almanac in existence is
the "Almanach National," which has
been issued by the French govern-
ment since 1686. Its name has been
changed a good many times during
its career of 225 years. Originally the
"Almanach Royal," it became "Na-
tional" in 1793, "Imperial" in 1805,
and reverted to its original name nine
years later. Since then the title has
been altered four times. Like most
publications of this sort, the "Al-
manach National" has grown bulky
with advancing years. The first issue
contained 48 pages, as compared with
1,580 pages in the current issue.

Power of a Word.

A single word was often sufficient
for Talleyrand to make his keenest
retort. When a hypochondriac, who
had notoriously led a profligate life,
complained to the diplomatist that
he was enduring the tortures of hell
Talleyrand simply answered, "Al-
ready?"

To a woman who had lost her hus-
band Talleyrand once addressed a
letter of condolence in two words:

"Oh, madame!"
In less than a year the woman had
married again, and then his letter of
congratulations was:

"Ah, madame!"—Kansas City Star.

REPORT ON HIGH COST OF LIVING

Foreign Consuls' Figures Show Results of Co-Operation.

PAPERS ARE SENT TO CONGRESS

Investigation Started by President Some Time Ago Brings Out Interesting Facts Regarding Europe.

Washington, May 6.—The president today transmitted to congress the second installment of the reports of consular officers on co-operation and the cost of living which are the result of the investigation he some time ago directed should be made. The countries included in this installment are France, Belgium, the Netherlands and Denmark. The reports are accompanied by a letter from Huntington Wilson, acting secretary of state.

It appears from the information collected, the acting secretary says, that the rising cost of living has directed attention to and augmented the membership of the co-operative societies, more especially in France and Belgium. The French co-operative associations are in the main arranged upon the same system as those in the United Kingdom. The tendency is towards small societies and the great majority of the associations represent groceries and bakeries. The most successful distributive societies are in the manufacturing cities of northeastern and central France. Among these societies relief funds are administered and insurance against illness and forced non-employment is supplied. Arrangements are made with dentists, doctors and artisans for their services by members on a commission basis.

French Agricultural Unions.
The operation of the agricultural societies has been especially successful in southern France. The French government has given encouragement to these societies by furnishing expert advice, granting subventions, and permitting long term loans by agricultural credit associations. The general buying is done principally through district unions. High-grade farm machinery such as is beyond the reach of many individual members is purchased from the surpluses or is loaned gratuitously or upon the payment of nominal fees.

Government employees are to a large extent organized into co-operative societies. Many of the associations are affiliated with labor unions that restrict their membership to persons engaged in a given occupation.

In regard to industrial co-operative production it appears that plants owned and operated by the operatives are not uncommon in France.

Keep Prices at Fair Level.

The consular reports state that the French co-operative societies usually sell at prices which are neither higher nor lower than those of private stores and that they have a tendency to keep prices throughout the district where they are located down to a fair level, as well as to enhance the purity and quality of the goods. The degree of reduction in the cost of living is almost wholly contingent upon the capability and the altruism of the management of the respective districts.

In Belgium, the consular reports state, a large proportion of the co-operative societies sell at prices lower than those of the regular markets, allowing only members to purchase, and have only nominal profits to distribute. Many societies guarantee a 5 per cent dividend on all purchases and distribute all remaining profits to various funds for insurance, pensions, strike relief, indemnities for injuries, and the like.

In the Netherlands the co-operative associations include domestic supplies, agricultural supplies, creameries, farmers' loan banks and savings banks. A cash basis is strictly maintained. In Denmark sales are confined to members of the co-operative societies unless the latter wish to subject themselves to taxation. The joint association of Danish co-operative societies operates numerous factories and warehouses throughout Denmark.

Kansas Town Helpless.

Salina, Kan., May 6.—The dam across the Smoky Hill river, which went out at Russell, was the largest of the upstream dams. It held the supply for Russell and its breaking leaves the city without water for both domestic and fire purposes. The city's electric light plant is out of commission and the water is four feet deep in the power house.

One Vote Against Bonds.

Mokane, Mo., May 6.—With only one dissenting vote, Mokane voters authorized the issuing of bonds for \$2,500 to add a schoolroom and gymnasium to the handsome brick building which was erected three years ago. Mokane has one of the best schools in any town in the state of less than 1,000 population.

Squaw Had the Punch.

Shawnee, Ok., May 6.—Two Indian women, both past 50 years old, proved their ability in the fist art, until one administered a knockout punch. Jennie Segar was knocked through a plate glass window in Oden theater by Nancy Hood and was severely injured by glass. One was taken to the hospital and the other to jail.

ALTON'S FAST TRAIN WRECKED

Every Coach Went Into Ditch, Only Engine Keeping Track.

ONE MAN KILLED; MANY INJURED

Railroad Men Unable to Account for Accident—Had Been Detoured on Account of Missouri Clanduburst.

Springfield, Ill., May 6.—Passenger train No. 12, on the Chicago & Alton, which left Kansas City at 10 o'clock at night, and was running seven hours late on account of a cloudburst near Nebo, Mo., was wrecked eight miles southwest of this city about 1 p. m. One unidentified man, who was riding the "blind baggage," was killed, and several passengers were injured. W. Allison, of Kansas City, was about the forehead and bruised on the left elbow and H. F. Fender, of Kansas City, an assistant express messenger, suffered a crushed right knee.

The Injured.

Others of the injured are: William F. Koch, New York, leg bruised; Mrs. L. W. Mase, Bloomington, Ill., bruised about head and body; Mrs. W. C. Collins, Peoria, eye cut by flying glass; Sid Sutton, Chicago, conductor, bruised about head and body; L. J. Wilson, Chicago, head cut, hip and hand crushed; George Mayott, Marlboro, Mass., slightly bruised; E. M. Monzon, Chicago, scalded, arm broken; R. F. L. Bacchus, Blue Rapids, Kan., both legs bruised and hand cut.

Wrecking Crew Work all Night.

A relief train was sent from this city and the severely injured were brought here. Most of the injured were able to continue their journey. The wreck was on the Murrayville branch near Knapp. The train is one of the Alton's fast trains between Kansas City and Chicago. It consisted of five coaches, all of which went into the ditch. The track was torn up for 650 feet. The wrecking crew from Bloomington spent the entire night clearing the track. Railroad men were unable to account for the accident.

All Cars Well Filled.

The tender of the engine was first to leave the rails. With their trucks, torn from under them, the five coaches toppled into the ditch, the engine alone remaining on the track. All of the cars were well filled. Murphy Wilson of Kansas City, a nee youth, who was also stealing a ride jumped when the crash came and escaped without a scratch.

The wrecked train's ill luck commenced in the early morning, when it ran into a terrific rain storm near Nebo, Mo. A half mile of track and a bridge was washed out, and the train was forced to detour over the Burlington tracks.

STEEL PROSECUTION BEGINS

Government Suit for Dissolution Arouses More Interest Than Did Standard Oil Case.

New York, May 6.—An important step in the government's suit to dissolve the United States Steel corporation was taken here today when Special Examiner Henry P. Brown of Philadelphia began the taking of testimony in the United States customs house.

Even greater interest than that manifested in the Standard Oil case hearings, which were held in this same building four years ago, is being taken in the steel trust case. This is due in part to the startling revelations brought to light by the Sanley investigating committee, and the prominent part that ex-President Roosevelt played in the absorption of the Tennessee Coal and Iron company by the steel trust. It is mainly on this ground the government bases its suit to dissolve the trust, and it is not unlikely that the ex-president will be called upon to repeat the testimony that he gave before the Stanley committee in New York last summer.

An imposing array of legal talent, headed by Lindabury, Depue and Paulks, looks after the interests of the steel company, while the government's case is in charge of Special Prosecutor Jacob M. Dickinson, former secretary of war. Other government attorneys are George W. Pepper of Philadelphia and Henry E. Cole, special assistant attorney general.

While the investigation by the Stanley committee had not reached the filing of the suit with Mrs. W. C. Allison, it is believed that the government will file the suit within a few days.

Living four miles from St. Louis, Mo., went to St. Louis, Mo., on Tuesday morning, where he was employed on a sand boat.

Stage license was issued Tuesday morning to Wray to Ova Hefflin first time McElroy of Ravenscroft, Ala.

Renshaw left for St. Louis, Mo., Monday night. Their year ended December 31, 1911. They were stockholders in the machine company left Wednesday morning. They are now in St. Louis, Mo., and are all everybody's.

Shawnee, Ok., May 6.—Two Indian women, both past 50 years old, proved their ability in the fist art, until one administered a knockout punch. Jennie Segar was knocked through a plate glass window in Oden theater by Nancy Hood and was severely injured by glass. One was taken to the hospital and the other to jail.

The Blackstone Vacuum Massage Machine For Perfect Face, Scalp or Body Massage in the Home

BLACKHEADS. These unsightly blotches upon the complexion are almost instantly removed by application of the vacuum cup. The waste matter is drawn out of the pores and the blood is circulated freely, building new skin tissue to erase the large pore openings, and consequently eliminating the opportunity for further waste to gather. The relief is permanent.

PIMPLES. Many a beautiful skin texture is made ugly and unsightly by the presence of pimples and eruptions. The skin, if properly cared for, carries off all such matter through the action of the respiratory pores. Open these millions of organs and the eruptions cease, as the waste is carried off without being permitted to gather in clusters, forming the disagreeable pimples, etc. Such complexion defects are wholly unnecessary, as THE BLACKSTONE VACUUM MASSAGER immediately opens all pores and stimulates the skin to its normal, healthy action.

WRINKLES. These are commonly called evidences of care—more often you will find it to be carelessness, instead. The flesh tissues beneath the skin, being robbed of regular and sufficient blood supply, waste away and naturally leave the skin to crease up into wrinkles. Firm, well nourished flesh never wrinkles nor sags into unsightly folds. THE BLACKSTONE VACUUM treatment brings blood to the shriveled flesh tissues and recuperates them, filling out and beautifying the skin with firm, well rounded lines and healthy, radiating complexion.

Let me explain the Machine fully—it will cost you nothing to investigate

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you a free trial bottle. It is not satisfied after using it, you chase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Special Agent, Koch Pharmacy.

VOLUME 2.

MARYVILLE, MISSOURI, MONDAY, MAY 6, 1912.

NO. 289.

STREET IS COMING

WILL BE HERE ABOUT MAY 23 FOR A CONFERENCE.

THINKS PRICE IS O. K.

And Intends to Convince the Board of Public Works That It Is Reasonable.

C. F. Street of New York, president of the city water company, will be in Maryville about May 23 for a conference with the board of public works to see if a satisfactory price can be agreed on for the water plant. It is thought, however, that Mr. Street is going to stick to the compromise price of \$54,000 that was made by the company a few weeks ago and which the board of public works refused to accept as they think it is too high, according to the opinions of expert engineers. The price the board of public works think is reasonable is \$33,000.

Mr. Street states in a letter to S. G. Gillam, secretary of the board "that I feel sure that I can satisfy you that there are values in our property which will convince you that the compromise price we have offered is a reasonable one."

The board of public works intends within the next few weeks to settle the matter. Of course, if what they think is a reasonable price is offered by the company, they will accept it, but otherwise they will proceed to build a new plant.

The bond issue will soon be ready to be issued by the city.

TO BE A RECORD BREAKER.

Students Are Already Arriving and Enrolling For Summer Term.

From all indications the summer term at the Normal will be a record breaker in regards to attendance. Students are already arriving and enrolling for the summer quarter. Miss Barton of Parnell, Mrs. J. H. Scales of Trenton, and J. P. Cummings of Worth registered this morning for the coming term.

CONTRACTOR WAS HERE.

W. D. Lovell of Minneapolis, Minn., Who Has Contract for Postoffice Visited in City.

W. D. Lovell, of Minneapolis, was in Maryville Monday looking after the work that has been done so far on the new postoffice building. Mr. Lovell has the contract of building the postoffice. He remained in Maryville only a few hours.

The concrete work will start Tuesday if the weather is permitting, as all of the excavating is finished.

MAKES NIGHT POLICEMAN.

Wm. Culver Couldn't Qualify So Mayor Robey Appointed Bert Mack for One Month.

Bert Mack was appointed night policeman by Mayor Robey Saturday afternoon for one month, owing to the fact that Wm. Culver, who was selected for the place at the council meeting Friday night, could not qualify as he had not paid some of his taxes. Mr. Culver is investigating the matter and expects to be able to qualify for the place by next month.

Mrs. Mary Wray of Hopkins was in Maryville Monday visiting relatives. She went to St. Joseph Monday evening on a business trip.

Mrs. Verna Murphy of the Alderman dry goods store went to Albany Saturday evening to visit until Monday evening with relatives.

Miss Margaret Lee Winston of the Staples millinery went to St. Joseph Sunday morning and spent the day with her parents.

SALOON LICENSE UP

THE COUNTY COURT WILL GIVE A DECISION LATE THIS EVENING

THE PETITION SIGNERS

Were Examined So As To See If They Were Qualified—Necessary To Have Two-thirds.

The county court, composed of Judges Thornhill, Blackford and Thompson, were in session Monday afternoon and took up the matter of a license to W. A. Heller, who is applying for one in the building formerly occupied by the Oak saloon. The "dry" represented by Attorney Ellis G. Cook, are fighting the license and Attorney T. A. Cummins is representing Mr. Heller. Up to press time this afternoon, the court was examining those that had signed the petition to see if they were qualified as resident property owners. No decision will be given in the case until late this evening.

The attorneys for both sides and the court agreed on nine of the saloon signers as qualified. They were: C. B. Yeo, Adolph Lippman, C. J. Green, Joe Blinter, C. W. Siler, S. R. Lucas, R. Kuchs, Theo. Blatter, Fred Smith. As remonstrators to the saloon petition the following were agreed as qualified: John W. and Emery Airy, J. K. Sawyers, Ed Otis and C. S. Stilwell.

If bank stockholders are taken in by the court as qualified signers, then the following would be added to the list of remonstrators: S. G. Gillman, G. L. Wilfley, S. H. Kemp, Omar Catterton and F. C. Conrad.

W. A. Heller was examined and he said on the stand that Adolph Lippman was not directly or indirectly back of the proposition and that the only interest he had in the matter was that he owned the building where Mr. Heller intends to run the saloon if he gets the license.

Other persons that signed the petition were also examined so as the court could determine whether they were qualified to sign it. The court will not issue the license unless the petition has a two-thirds majority.

Three signers to the petition, John Behm, Charles Buhler and John Kirch, with Adolph Lippman, organized a Star Tobacco company in the block a few weeks ago, and the articles of agreement were entered into on April 26, the "dry" alleging that it was organized for the purpose that they could sign the petition. There are twenty-two that signed the petition.

TWO CLASS SERMONS MAY 19.

The State Normal and High School Baccalaureate on Same Night To Accommodate Crowds.

According to an agreement made between President H. K. Taylor of the Normal and Superintendent C. A. Hawkins, of the Maryville schools, the sermons to the classes that will be graduated from these schools will be given on Sunday night, May 19.

The sermon to the Normal class will be given at the Christian Church by Rev. W. J. Parvin of the M. E. Church, South.

The sermon to the high school class will be given at the First M. E. Church by Rev. S. D. Harkness of the Presbyterian Church.

This matter was decided on in order to not interfere with the morning services at any of the churches and as no church in Maryville is large enough to accommodate the crowds of people who always gather to hear the sermons to the classes, it was thought best to hold both services the same night to make room for all who wish to attend.

Mrs. William Green of Pickering came to Maryville Saturday evening for a visit with her daughter, Mrs. John Wallace and Mrs. Glover Kelly. She was accompanied by her granddaughter, Miss Florence Wallace, who had been visiting her.

Mrs. Will Masters returned from a visit with her uncle, Harvey Wing and family, at Pickering, Saturday evening.

Mr. and Mrs. M. A. Turner went to St. Joseph Monday morning on business.

Mr. and Mrs. E. E. Sanford of Stanberry were in Maryville Monday morning on their way to St. Joseph.

Miss Ruby Key and Miss Alta Hardesty of Barnard visited in Maryville Saturday.

F. H. TRIMBLE IS HERE

AS SPECIAL JUDGE IN SEDUCTION CASE FROM ATCHISON CO.

WILL BE A HOT CONTEST

Ollie Long 23 Years Old is the Defendant—Sixty Witnesses Here From That County.

Judge F. H. Trimble of Liberty, Mo., circuit judge of the seventh judicial district, is presiding over the case of the State vs. Ollie Long in circuit court here this week. Long, who is about 23 years old and is from Atchison county, is charged with seduction, the prosecuting witness being Miss Carrie Miles of that county. The alleged offense is said to have taken place March 15, 1909. The case was tried in Atchison county about a year ago and Long received a sentence of two years in the penitentiary at the hands of a jury, but the case was appealed to the Supreme Court and they reversed it. The case comes to Nodaway county on a change of venue from Atchison county.

The jury had not been selected up to press time this afternoon. The attorneys in the case are Ed Frazer, prosecuting attorney of Atchison county, L. J. Miles of Rockport, and Shinabargar Blagg & Ellison of this city, for the state; and Hunt & Bailey of Rockport, John Stokes of Craig, and Cook, Cummins & Dawson of this city for the defendant. The case will be hotly contested.

A large number of witnesses from Atchison county are in the city. There are probably 60 of them. John H. Miles, father of the prosecuting witness, and A. Long, father of the defendant, are in attendance.

Judge Trimble, who is trying the case as special judge, is a candidate for the Kansas City court of appeals. He is seeking the Democratic nomination.

APPEARED IN COURT.

The Gaming Cases Were Up and the Defendants Received a Fine of \$25 and Costs.

Judge F. H. Trimble of Liberty, Mo., took up the gaming cases Monday morning in circuit court, a change of venue having been taken from Judge Ellison to Judge Trimble.

Bruce Johnson was fined \$25 and costs on two counts, the charges of running a gaming house having been dismissed by Prosecuting Attorney Wright and a charge of gaming made. He pleaded guilty to the two charges.

James Mulholland also pleaded guilty to gaming and was fined \$25 and costs. George Keefe and Dick Woods also appeared in the court and pleaded guilty and were fined \$25 and costs. All of these men were indicted by the grand jury in February.

Will Move to Nebraska.

Mrs. Richard Osborn of Elgin, Neb., is visiting her mother, Mrs. Hefflin of South Main street. She will be accompanied home in a few days by her brother, Scott Hefflin and his wife, who will locate in Elgin, where Mr. Hefflin will be employed in a department store. Mr. Osborn has charge of a department in the same store, the largest of its kind in that section of Nebraska.

Spent Sunday With Barnard Friends.

Mrs. W. H. Brown and her guest, Mrs. H. H. McMaster of Hopkins, went to Barnard Saturday evening to spend Sunday with relatives and friends. Mrs. Brown was the guest of her cousin, Mrs. Will Miller, and Mrs. McMaster visited Miss Mabel Dysart, who lives between Barnard and Blockow.

Lone Tree School Closes.

The patrons and friends of the Lone Tree district near Burlington Junction gathered on Friday at the noon hour and pleasantly surprised their teacher, Miss Edith Patterson with a bountiful dinner. After a dinner, a program was given by the children.

Raised a Good Crop of Alfalfa.

Elmer Fraser of this city raised a good crop of alfalfa on his farm east of the city the last season. He made him about \$12 a haw left for twelve acres. Mr. Fraser is now experimenting with alfalfa seed. The first year's was a success. He is now raising it on a larger scale.

HEARD GOOD SPEECHES.

Maryville Church Congregations Listened to Excellent Anti-Saloon Men.

The pulpits of the First M. E., Presbyterian, Baptist and Christian churches were filled Sunday morning and evening by speakers from the anti-saloon league of Missouri. The work they say, is in better shape now than it has ever been, owing to the interest the church people are taking in the matter of organizing against the business of the liquor traffic. The work has now been made a regular part of church work and is interdenominational. The speakers said that the work of the anti-saloon league has become one of the most potent agencies in the salvation of men and should be a regular missionary department of the church.

Good subscriptions were secured at each church Sunday to assist in waging the battle against the greatest evil of the country.

SOLD FIVE AUTOS.

Barnmann & Wolfert of this City Disposed of Many Ford Cars Saturday.

Barnmann & Wolfert sold Saturday Ford automobiles to the following: Dr. F. R. Anthony of Maryville, Wm. Berry, living near the city, Mutt & Brown of Hopkins, Eugene Rathbun of Maryville, and Sherman Hefflin of White Cloud township.

Is Guest of Relatives.

Mrs. Chester Andrews arrived in Maryville Monday evening on the Burlington train from Cleveland, Ohio, where she has lived for a number of years, and will spend a few days with her cousins, Mr. and Mrs. Charles Wadley and other relatives. Mrs. Andrews is on her way to Los Angeles, Calif., where Mr. Andrews has recently located in business.

Lincoln School Closed.

The Lincoln school in Washington township closed Friday and all of the pupils of that district with the exception of three attended the closing exercises. A fine program was given by the pupils. Miss Beulah Thompson, daughter of Judge J. O. Thompson, of the county court, is the teacher of the school.

Miss Thompson was re-employed as teacher for the winter term at a \$5 a month.

Misses Mae and Grace Parle went to Barnard Saturday to visit over Sunday with their grandmother, Mrs. Anna Adam.

James Frum and Gus King of Clyde are in the city Monday.

HE LIKES OUR TOWN

BISHOP SIDNEY PARTRIDGE OF KANSAS CITY—WHO WAS HERE.

TO SPEAK AT CHAUTAUQUA

Manager Landon Made Date for Three Lectures.—St. Paul's a Mission Station.

Bishop Sidney Partridge of Kansas City, one of the greatest churchmen of the country, spent Sunday in Maryville and preached two sermons to St. Paul's Episcopal congregation in K. P. Hall. He had a good congregation and all were much impressed with the new bishop. Bishop Partridge was accompanied to the city by Archdeacon Johnson of Kansas City, whose duty it will be to hold services in Maryville whenever it will be possible for him to leave his work in Kansas City.

This was Bishop Partridge's first visit to Maryville. As is well known, the work in St. Paul's congregation has been very discouraging for some time owing to the removal of nearly all of its old members, which has weakened the church materially, and it has been deemed almost necessary to abandon the Episcopal work at this place, but Bishop Partridge was so impressed with our city and with the people he met at the services Sunday, that he will not for a moment consider the abandonment of the work at this place and will make it a mission point. It will be sustained by the Kansas City diocese as far as the members here are unable to keep the work in progress. The Bishop advised the church to retain the church property. He considers the location a desirable one and thought he would be able to secure funds for the erection of a new building or for the repair of the present building.

Bishop Partridge will appear at the Maryville Chautauqua in August. Manager Landon held a conference with him while in the city and secured a promise from him for three lectures, one morning lecture and two afternoon lectures. He will speak of the Customs and Religions of the People of China and Japan and of his trips around the World. He is a magnificent speaker and has a personality to match.

NORMAL TEAM WON

Over Bedford High School Team by a Score of 14 to 5 on Saturday.

Coach V. I. Moore took his Normal base ball squad to Bedford Saturday between trains and the locals soundly spanked the high school chaps by a 14 to 5 score. Of course it's no great honor to beat a high school team, but the teachers played some real base ball in the course of the contest. They got 15 safe swats, four of which were bingled by Captain "Baldy" McKee. The Cap. also pilfered five bases. "Shylock" Wilson pitched for the Normals and he let the enemy down with one lonely single and struck out 11 men. He would have scored a shut-out but for some loose fielding by his mates. In the ninth Coach Moore sent Third Baseman McGrew to the mound to give his hopes a little practice and the Iowans scored two more runs.

President and Mrs. H. K. Taylor accompanied the team to Bedford and attended the game. The Maryville team will have the opportunity of witnessing a good game on Wednesday afternoon at 5:15 when the Normals meet the Amity College team of College Springs, Iowa, at the Normal Athletic field.

Preached in the Evening.

Rev. Wm. Stone, formerly pastor of the Baptist church at Kirksville, Mo., spent Sunday in Maryville and occupied the pulpit of the Baptist church of this city in the evening. Owing to much hard study and work, Rev. Stone suffered a nervous breakdown about a year ago and was ordered to take a complete change of work for two years by his physicians. He is now traveling salesman and the work of the past year in that business has nearly recovered his health. He will re-enter the pastorate in another year. Rev. Stone's wife is a cousin of Dr. Homer Cook, formerly of Maryville.

Nodaway People Are Safe.

C. D. McKibban of near Maryville has just received a letter from J. J. Stults of Calumet, Okla., who recently moved there with his family from southeast of Maryville, telling of the terrific storm and cyclone that swept that region a few days ago.

About fifteen people from Skidmore and Graham community live in that section, but none were injured. Mr. Stults' house was blown from its foundation and one horse was blown a mile away into a field, but was not hurt. They report Calumet's buildings destroyed, although it was not mentioned in the telegraph reports. Three persons were killed and twelve injured, nearly all fatally. The Graham people in that vicinity are Mrs. Belle Partridge and family and the Skidmore people, Edward and Leonard Armstrong and their families.

Mississippi Visitors Leave.

Captain and Mrs. George M. Buchanan and their son and daughter, George M. Buchanan, Jr., and Mrs. Victoria Hamilton, all of Holly Springs, Miss., who have been spending a week in our city at the home of Captain Buchanan's sister, Mrs. B. F. Duncan and family, left Monday morning. They will make visits at Hardin, Kansas City and Odessa, Mo., before returning home. At Hardin they will visit the children of Captain Buchanan's late brother, Dr. L. A. Buchanan. Captain Buchanan served four years in the Confederate service during the Civil war under General Price's command. He and his family will spend the summer as usual in their summer home near Shelbyville, Ky.

Insures Promptness.

"What all that man?" said the city salesman. "I made an appointment with him for one o'clock tomorrow, and he asked me if I meant American time. It ought to be obvious that I am not making an appointment in New York for Madrid time." "Don't grumble," said a friend. "That question was a guarantee of good faith on his part. Every fresh arrival from Latin countries asks that when he really wishes to be prompt in his engagements. Left to his own devices he would do as everybody does at home and come straggling along an hour or two late, but to him American time signifies right on the spot, and he'll be there."

Oldest Almanac.

The oldest almanac in existence is the "Almanach National," which has been issued by the French government since 1686. Its name has been changed a good many times during its career of 225 years. Originally the "Almanach Royal," it became "National" in 1793, "Imperial" in 1805, and reverted to its original name nine years later. Since then the title has been altered four times. Like most publications of this sort, the "Almanach National" has grown bulky with advancing years. The first issue contained 48 pages, as compared with 1,580 pages in the current issue.

Power of a Word.

A single word was often sufficient for Talleyrand to make his keenest retort. When a hypochondriac, who had notoriously led a profligate life, complained to the diplomatist that he was enduring the tortures of hell Talleyrand simply answered, "Al-ready!"

To a woman who had lost her husband Talleyrand once addressed a letter of condolence in two words: "Oh, madame!"

In less than a year the woman had married again, and then his letter of congratulations was: "Ah, madame!"—Kansas City Star.

GUN FIGHT ON TOPEKA STREET

Officer Attempted to Arrest Kansas City Barber and Companion.

POLICEMAN FATALLY WOUNDED

Chief Has Desperate Struggle With Fugitive on Bank of Creek—Both Men Finally Jailed.

Topeka, May 6.—Cass Matthews, a Topeka policeman, was injured fatally and Lewis Lagrande, a barber of Kansas City, was injured severely in a pistol fight on Kansas avenue in front of the Union Pacific depot. Lagrande is in the hospital ward of the county jail while his partner, Frank Miller, is in a cell.

Early in the morning the Topeka police were notified that the marshal at Bonner Springs had been robbed. A good description of his assailants was given and Matthews went to the Union Pacific depot to watch for them on a freight train due about 6 o'clock. The policeman saw the two men walking along the sidewalk and accosted them. He asked questions and then arrested them.

Suddenly Lagrande took a revolver from his shirt front and shot Matthews in the neck. Matthews got his revolver into action about the same time and shot Lagrande through the left arm and breast, breaking the breastbone but not going through. By this time Miller had his revolver working. He shot Matthews in the groin. The policeman fired every bullet in his revolver at the two men, and they replied, but escaped.

The Topeka police and a posse of citizens were organized. Ben Jenkins, chief of police, walked along the Union Pacific tracks to the bridge over Soldier creek, two miles east of Topeka, and there he met Miller. The chief began asking questions, and suddenly Miller drew his revolver and compelled the chief to raise his hands. The chief was walking toward Miller all the time and Miller was backing away. Suddenly Jenkins made a dive for Miller, caught the revolver, and the two rolled down the bank almost into the water.

Jenkins and Miller were struggling in the river brink when Charles Hunt, a fisherman, rowed up and helped the two men. Two motor cars full of officers and armed citizens arrived. Miller was taken to jail and the rest of the posse searched for Lagrande. He was found hiding in bushes along the river. He was exhausted from loss of blood.

Miller and Lagrande both deny that they robbed the marshal of Bonner Springs. They assert that the marshal attempted to arrest them, when they had committed no crime; that they took the marshal's gun away, led him to the outskirts of town, took his cartridges and returned the gun and advised the marshal to "beat it."

CONVICTED EVERY JOINTIST

Kansas Appointed to Enforce Law Made Eight Arrests and Won Every Case.

Topeka, May 5.—The best report ever recorded in the enforcement of the prohibitory law came from Seward county where F. H. Grinstead, assistant attorney general, convicted every jointkeeper arrested. Early in the year the business men in Seward county sent a petition to John S. Dawson, attorney general, asking for help as the jointkeepers were bold and persistent. Judge Grinstead was appointed and has just made his report. He made eight arrests and won in every case.

One witness, whose memory was very poor was sent to jail for four hours and then his memory returned. As far as known Judge Grinstead holds the record in Kansas of convictions of every jointkeeper he had arrested.

TO PROTECT MISSOURI APPLES

STATE EXPERIMENTS FOR BENEFIT OF GROWERS.

Effects of Various Heating Methods Noted Are Valuable to Ozark Orchardists.

Mountain Grove, Mo., May 6.—Temperature experiments that are expected to be of greatest importance to fruit growers in the Ozark country as well as to the officials in charge are being made this spring at the state fruit experiment station at Mountain Grove. Upon the success attained in conducting these experiments will a great many of the orchardists put their faith in the future of the Ozark regions as a fruit producing section and the true "home of the big red apple."

In the orchard where it was decided to make the experiments, there were enough heaters to place 70 to the acre. Also thermometers were scattered through the state's orchard, one of the purposes being to ascertain what portions were the coldest. A gong in the station building sounded the alarm when the temperature during the night registers as low as 23 degrees, this being a signal for the men to rush to the orchards, fire the heaters and prepare for an all night's vigil.

As a result of the experiments conducted thus far it is felt certain by Prof. Evans and his assistants that the fruit buds in the portions of the orchards that were heated have been saved. Fruit buds in other orchards not heated are probably killed.

Prof. Evans believes that the results attained in the experiment work with the thermometers and heaters will be of great value to orchard owners throughout the state.

BOONE COUNTY TO REMAIN DRY

Precincts Voted Again Exactly Same as Four Years Ago—Women Got Out Voters.

Columbia, Mo., May 6.—Boone county, outside of Columbia, voted to remain dry another four years. The "dry" majority was 522 out of a total vote of 3,772, with three small precincts missing. The vote was comparatively light.

One peculiar feature of the returns was the similarity to the vote on prohibition four years ago. Small precincts that voted "wet" and "dry" then gave exactly the same returns again. The "dry" majority was about one-half of that estimated by the prohibition workers. The women of the county are responsible for the victory to a large degree. They used the rural telephone in getting out the voters. The citizens of Columbia will vote on the question June 4.

SEDALIA HAS NO DANDELIONS

Prizes Offered Led School Children to Dig Over Sixteen Tons of the Weed.

Sedalia, Mo., May 5.—When the dandelion digging contest, started a week ago ended, the final summary showed a total of 16½ tons for the week.

The closing day brought forth the keenest rivalry among the school children, and wagon loads of plants were hauled in. Franklin school, the smallest in Sedalia, was awarded the prize, \$5 in cash offered by a local paper. The cash offered by Osage Chapter Daughters of the American Revolution, was divided.

Kranklin school collected a few pounds less than five tons and the greatest number of pounds brought in by individuals aggregated 1½ tons. The contest was a success and the city of Sedalia is rid of dandelions.

First Aid Lessons Saved Boy.
Junction City, Kan., May 5.—Application of first aid principles by his schoolmates saved the life of Clarke Hogan here. Hogan's wrist was cut by the glass panel of a swinging door, the main artery and tendons being severed. Several boys immediately applied a tourniquet according to instructions received at school and stopped the loss of blood. Physicians say that without this aid he would have died.

Rankers Hold Spring Meeting.
New York, May 6.—The American Bankers' association began its annual spring meeting at Barclay's Manor today, and delegation from all parts of the United States are present. Today is given over to committee meetings and tomorrow and Wednesday there will be meetings of the council. The spring convention is an executive session the bankers meet behind closed doors with the press excluded.

Methodists Oppose Child Labor.
Minneapolis, Minn., May 6.—Ninety Methodist ministers will institute vigorous warfare against the employment of children less than 15 years old in the factories and textile mills of the United States it was announced at the general conference of the Methodist Episcopal church here. The employment of children was termed "a parody on civilization," and "one of the greatest modern evils."

Kansas Cattle Pictures in Paris.
Paris May 6.—Four cattle pictures by a Kansas farmer have been accepted for exhibition in the salon of French Artists, which opened in the Grand Palais, May 1. Edwin D. Connell, who contributed these canvases, is recognized as one of the very greatest of the many cattle painters in Paris.
